## RUSSIAN SITUATION IS GROWING BETTER

### Government Using its Power to Crush Out Strike.

TRYING TO PREVENT ANARCHY

**The Government Employes Are Being Warned not to Join the Strikers or Give Them Succor—Strike Movement Gets Little Encouragement.**

St. Petersburg, Nov. 20.—The sudden awakening of the Conservative and Liberal elements to the imperative necessity for resisting to the utmost the attempt of Radicals and Socialiss who are conducted the present strike to obtain the upper hand has galvanized the leaders into action and has started a healthy movement in favor of entirely cutting loose from the radical wing. M. Dmitri Shipoff and Duchkoff and other leaders of various groups including the constitutional Democrats, will petition Moscow to assemble the zemstvo congress assemblage there to unite all the forces which desire to prevent anarchy in condemning the political strike and to join in supporting the government in its efforts to restore tranquility and introduce the new regime. The government is able to take a firmer stand because of this reaction in public opinion.

Count Witte believed that such a reaction must come but he wisely waited until public sentiment showed a disposition to support the government before indicating energetic measures. By his direction the prefect of police, General Dodalin, issued the proclamation yesterday instructing the trades not to yield to the threats of the agitators and walking delegates, who ordered them to close their shops and promising the tradesmen police and military protection.

A government note was simultaneously issued prohibiting goernment employes from participating in organizations actively opposing the government. It points out that the restriction of political activity on the part of the government employes is not subversive of their liberties, but is imperative to the maintenance of the discipline, calls attention to the fact that in free countries like the United States, pernicious political activity on the part of the officials is inhibited and recalls the fact that less than a fortnight ago the French chamber of deputies supported Premier Rouvier's decision not to permit the political organization of state servants.

The note is directed particularly against the attempt to organize in Moscow, the society of post and telegraph employes, the avowed objection of which is to compel the convocation of a constituent assembly and whose members pledge themselves to donate 50 per cent of their salaries to the strike fund.

The stopping of the posts and telegraphs it is pointed out, would endanger the life of the state and every employe joining the organization referred to will instantly be dismissed.

The employes of the government railroads are also threatened with dismissal if they join the strike.

The break in the ranks of the strikers in Poland and the refusal of many organizations in the interior especially those of the railroad men at Moscow to strike on account of Poland, and the fierce dissensions which have broken out among the workmen's leaders at St. Petersburg seems to doom the strike movement to failure and temporarily at leas tmus tinflict a defeat on the social democrats.

The government has taken the occasion to officially deny that the measures taken in Poland were in many ways incited by Germany or that any arrangement exists with Germany upon the subject.

#### Big Meeting in Finland.

Helsingfors, Finland, Nov. 20.—At a meeting here today of a thousand representatives of the constitutional party from all parts of Finland a resolution was adopted in favor of a single chamber diet, the members to be elected from all citizens over 21 years of age without distinction of sex. The meeting also resolved to telegraph to Secretary of State Linder, at St. Petersburg, calling on him to resign immediately.

#### Excitement Among Naval Forces.

Odessa, Nov. 20.—The recent events at Cronstadt and Vladivostok have caused considerable excitement among the Russian naal forces at Sebastopal. These, however, are not very large. The total number of sailors does not exceed six thousand.

#### BLACKMAIL IS ALLEGED.

**Armour Claim Men Tried to Get His Money Unlawful.**

Chicago, Nov. 20.—William S. McSwain and William Coler, his brother-in-law were arrested here charged with attempting to blackmail J. Ogden Armour and other members of Armour & Co., for $40,000 in connection with the beef trust investigation upon letters which they are alleged to have stolen from the files of the company.

McSwain was employed by Armour & Co. for four years aa a stenographer, and in that way had access to part of the mail of the packing company. Since the recent beef trust investigation was begun, it is charged, he has taken letters from the files of the concern.

Three weeks ago, it is said, he approached Mr. Armour and threatened to turn the letters over to the federal authorities unless he was paid $40,000. Mr. Armour refused to listen to the proposition and then McSwain, it is alleged, made similiar demands on other officials of the Armour company.

#### Nineteen-Year-Old Infant.

Moorestown, N. J., Nov. 20.—Miss Mary Scally, known to many people as the "nineteen-year-old infant," has come out of her last infantile state, which lasted six months, apparently none the worse for her experience. On the ocasion of two previous attacks she was in that condition only a few weeks. She is all right now and physicians believe the third attack will be the last one. During these attacks, which have puzzled the physicians, Miss Scally has shown all the natural inclinations of a child a few years old.

#### German Minister in Morocco.

New York, Nov. 20.—A cable dispatch to the Herald from Tangier says Count Tattenbach, the German minister accompanied by Countess Tattenbach and members of the legation staff arrived from Fez by the Overland route. The count and countess are both in perfect health. Dr. Y. Ichius, who accompanied the German mission as medical adviser, suffered from a severe attack of fever during the journey and is now at the Spanish hospital here.

#### Wants More Army Officers.

Washington, Nov. 20.—The army is under-officered," says Lieutenant General Adna R. Chaffee, chief of staff, in his annual report to the secretary of war. He says this condition exists for the army in peace and in time of war it would be in a decidedly crippled condition. Thereare 517 officers absent on detailed duty. General Chaffee thinks that provision should be made to fill these vacancies caused by details which are permanent in character.

#### Charges Are Made Public.

Washington, Nov. 20—Secretary Bonaparte today made public the charges and specifications against Minor Meriwether, Jr., the midshipman who engaged in the fatal prize fight with Midshipman Branch. There were three charges, namely, manslaugater, violation of the third clause of article 8, naval regulations, and conduct to the prejudice of order and discipline.

#### Sarah Bernhardt Arrives.

New York, Nov. 20.—Sarah Bernhardt who arrived from Europe today will go direct to Chicago where her season will begin Monday evening. The French actress will be supported by a company of more than 100 from the theater Sharah Bernhardt, of Paris. Her repertoire will include ten palye—"The Sorceress," "Camille," "Angelo," "Andrienne le Couvreur," "Fedora," "LaFemme du Czar," "Phedre," "La Tosca," "Magda" and "Sappho."

## EXPLOSION ON BOAT KILLS THIRTY THREE

### Torpedo Boat Collides With a German Cruiser.

CAUSED BOILER TO EXPLODE

**Terrible Catastrophe Occurs While the Ships Were Playing at War—Torpedo Boat is Sunk and Only a Few of Its Crew Are Rescued.**

Kiel, Nov. 20.—Torpedo boat "S216" collided last night near Bueik with the small cruiser Undine. The torpedo boat sank and one officer and 32 seamen are missing.

The disaster occurred during the maneuvers in Kiel bay. A torpedo boat division was making a regulation attack upon the Undine which had blinded her lights. Later she suddenly used her searchlight which confused the helmsman of the "S126" and the torpedo boat got under the Undine's bow and was struck amidship, causing the boiler of the "S126" to explode.

The suddenness of the castrophe explains the great number of victims. It is believed that all the missing members of the crew were killed or drowned. Several wounded officers were rescued.

A number of tugs and small cruisers with divers have gone to the scene of the disaster where the Undine is still anchored.

Emperor William, who arrived here at noon for the swearing in of the naval recruits, was immediately informed of the accident and after leaving the train proceeded to the Imperial waiting room of the railway station, where he ordered a detailed report to be made to him.

#### GERMANY APPROVES NEW KING.

**The Selection of Norwegians Pleases the Kaiser's Empire.**

Berlin, Nov. 20.—The election of Prince Charles, of Denmark, to be king of Norway will receive the cordial support of Germany. It is already arranged that Prince Henry of Prussia upon the emperor's orders will proceed with the flagship Pruessen to greet king-elect Nov. 25th, upon his voyage to Norway.

The controversy as to who proposed the candidacy of Prince Charles is attracting some attention in the German press, where it is asserted that it was due to Emperor William's initiative.

It is officially asserted that while the emperor did not propose Prince Charles' candidacy, he still expressed to the king of Denmark during his recent visit to Copenhagen his full acquiescence in the prince's candidacy which meanwhile had been under discussion.

#### Hard Choice for Woman.

New York, Nov. 20—Mrs. Marie Santanegio, an Italian immigrant, is detained at Ellis island while making the choice between parting possibly forever with her two children, in order to make her home here with her husband, or of giving up her husband to return to Italy with the children. Her husband is a naturalized citizen, living at Youngstown, O. The children and their mother are afflicted with trachoma, an infectious disease of the eye, and the lay in such cases reads that the wife of a citizen of the United States cannot be deported, but that her children, in case they are suffering from any infectious disease, must be sent back to the country they came from.

#### No Escape for Whalers.

Seattle, Wash., Nov. 20.—Captain Francis Tuttle, formerly in command of the revenue cutter Bear, states that from what he has learned from Captain Bodfish of the whaler William Bayliss, there is absolutely no chance for the whaling fleet to escape. In his opinion the ships will be crushed in the ice. The crew will have to desert the ships and make for McKinzie river. The fleet is to be sixty miles from Bankland, which is 100 miles east of the McKenzie. He does not think a relief expedition could aid them in any way.

#### SEA LEVEL CANAL FAVORED.

**Board of Engineers Agree to This Mode of Construction.**

Washington, Nov. 20.—The board of consulting engineers of the isthmian canal commission today declared itself by a large majority in favor of a sea-level canal and not a lock canal, with the greatest care. A trip to the isthmas was made to enable the members to form a better idea of the mechanical difficulties which had to be considered.

The members of the board are men of the greatest reputation in their line of work. France, Germany and Holland had sent their most eminent specialists at the request of the American goverament. From the beginning it was evident that a majority of the members was in favor of the sea-level canal. Their point of view was that, even if it cost more than a lock canal and would take longer in the building, it would ultimately be of greater use, as it will enable snips to make a much shorter trip than if they were obliged to go through three or four locks.

On the other hand there was a minority which wanted to see the canal built in as short a time as possible, and with the least cost, declaring that a few hours longer for the trip through the isthmus made little or no difference. One of the members gave this explanation for his way of voting:

"It may be that several of us will not see the sea level canal finished in our life time, as it will take considerably longer than ten years. But if we have the satisfaction to know that for all the generations to follow we have made the shortest and most practical way of communication between the Pacific and the Atlantic oceans, and as long as he had to decide on a question for all eternity we do not think that a few years more or less makes a very important difference. That is the way our party thought about it, and whatever may be said in favor of it or against it, we have, after the most careful study, given an opinion as we saw our way to do it."

No official statement will be given out before the report of the commission reaches President Roosevelt, which will be about January 1.

#### Sold Vote for Ten Dollars.

New York, Nov. 20.—Albert Farrar, accused of illegal voting at New York's contested mayoralty election, has confessed in court that he came here to vote from Utica, N. Y. He said, through his lawyer, that he was brought to New York city to vote the Republican ticket and that a Republican district leader introduced him in political circles as his son. Farrar said he was paid $10 for his vote. He was remanded to prison for sentence, and meanwhile his statements will be presented to State Attorney General Mayer.

#### Engineers to Hold Session.

Washington, Nov. 20.—The board of consulting engineers of the isthmian canal commission met today in what probably will be their last session. It is expected that a definite vote will be taken this afternoon. Indications are that the sea level canal will be chosen but the minority which it is understood is for the lock canal is fighting with great energy. The members will vote on the project as a whole. Yesterday the board voted on about 20 points of no particular importance but which had all to be considered before the work could progress.

#### Guilty of Murdering Parents.

Dayton, O., Nov. 20.—Coroner Walter L. Eline today rendered a verdict of guilty in the case of Dr. Oliver Crook Haugh, in jail here charged with the murder of his father, Jacob Haugh, his mother, Mary Francis Haugh, and his brother, Jesse Haugh. The coroner said in reference to the verdict: "I believe the officials of Montgomery county have to deal with a criminal whose cunning and fiendish desires have seldom been equaled in this country."

#### Norway Elects New King.

Christiana, Nov. 20.—The Norwegian parliament by 100 to 1 of the votes, appropriated $100,000 annually for the new kings civil list. Premier Michaelsen will announce the election of Prince Charles to succeed King Oscar on Saturday.

## ATLANTA SELECTED AS HEADQUARTERS

### National Child Labor Committee Invades Georgia.

URGENT NEED OF LEGISLATION

**They Say that at Least Two Million Children Are at Work Who Should Be In School—Favor Uniformity of Laws.**

New York, Nov. 20.—It was announced today that Atlanta, Ga., has been chosen as the southern headquarters of the national child labor committee.

Charlotte, N. C., has been the southern headquarters of this committee up to the present time. The new office will be in charge of Dr. A. J. McKelway, assistant secretary of the national commission.

In announcing its change the trustees said that it was made "in view of the urgent need for legislation in Georgia, in response to the demands of the leading citizens of that state, which came so near being of successful futition at the last session of the Georgia legislature."

In their report the trustees also said:

"At least two million children under 16 years of age in the United States are employed for wages, most of whom ought to be in school. Child labor laws lack uniformity in different states, and many of them are only crude beginnings at legislation; nearly all are poorly enforced."

#### GREAT CROWD HEARD LECTURE.

**Man Who Was Held in Captivity in Morocco Tells of Country.**

Washington, Nov. 20.—Before an audience that literally packed Hubbart Memorial hall, men and women being perched on the book shelves, Rev. Willis La Moore, president of the National Geographical society, chairman of the meeting, balanced on a book case, Ion Perdicaris, whose experience as a captive of Moorish bandits came near resulting in serious international complications, addressed the geographical society last night on the subject of Morocco. Speaking of the sultan of that country, he compared him with the czar of Russia as a man anxious to see his people happy but lacking the courage of his convictions, the tact and ability to make them so. Negroes have come to be an important factor in the management of the government, he said.

Mr. Perdicaris stated that the population of the country is between four and seven millions of people, despite a mistaken idea among tourists that the country is thinly populated. Every one who can, lives out of sight from the main highways, he declared, in order to escape the exactions of official tax gatherers.

#### Big Fire at Knoxville.

Knoxville, Tenn., Nov. 20.—A fire broke out at 1:40 o'clock this morning in the four-story building of Suttle & Beeler, pants manufacturers, on the east side of Commerce avenue, between Gay and State streets. Before the firemen had arrived and gone to work the flames spread across an alley to the wholesale clothing house of Bickley, McClure & Co., on Gay street, between Commerce and Wall avenues. Suttle & Beeler's place is entirely destroyed with a loss on building and contents of $90,000. Bickly, McClure & Co., is practically ruined at this hour. Their loss will be close to $160,000. The fire will probably spread in both directions and the damage may run far into the thousands.

#### Carnegie Remembers Engineer.

Pittsburg, Pa., Nov. 20.—Fred Fleck, an old locomotive engineer of the Pennsylvania road, says he received a letter from Andrew Carnegie including a check for $1,000 to pay for a lunch eon years ago when he was riding with the engineer. Mr. Carnegie, it appears, was ravenously hungry and gladly dined on the contents of Engineer Fleck's dinner pail. He has now paid for that meal.

# REV. SAM SMALL'S UNIQUE LECTURE

## Delivered at the Opera House on Last Sunday Evening.

"HIS MAJESTY, THE DEVIL."

**A Brilliant and Forcefnl Account of the Methods Employed by His Majesty. A Large and Attentive Audience Was Present—Frequent Applause.**

The audience at the opera house on Sunday evening to hear Rev. Sam Small's famous lecture on "His Majesty, The Devil," overflowed the house capacity and filled the adjacent hallway. It was a cultured and expectant assemblage, and that it enjoyed the unique discourse of the noted evangelist and orator was testified by frequent applause.

The speaker was introduced by Rev. T. J. Nixon of Kavanaugh Methodist Church, and entered at once upon his discourse. It is a production that shows the large research and the extended human experiences of the lecturer.

Mr. Small believes in a real Devil—a Great fallen angel of spiritual nature and powers—who is active in malignant labor for the debauchment of humanity. His delineation of how the Devil came to being and how he operates to obtain psychic power over human spirits for evil purposes is a thrilling and convincing recital. His analysis of the philosophy and processes of Satan is an exposition of scriptual truths that is wonderfully interesting and has charmed and informed hundreds of thousands of people all over this country.

Mr. Small is a majestic speaker, with a humor either delicate or broad, as the occasion requires, and many of his most salient views are enforced by witticisms that are chaste and apropos.

Those who heard the lecture were delighted beyond measure and sorry that the seventy minutes of the address were such short ones.

Mr. Small spoke again last evening at Kavanaugh Methodist Church, and will be heard there again tonight at 7:30 o'clock on "The Three Cardinal Sins."

His audiences are greater than the halls and churches where he appears.

### SAM SMALL WILL LECTURE.

**Has Consented to Lecture for Foreign Missionary Society.**

The first meeting of the week of prayer being conducted by the Foreign Missionary Society of Kavanaugh Methodist Church was held Monday afternoon, and the program, which appeared in Sunday's Sun, was very interesting. The audience was quite large, being made up by members of the church, the societies and others, and considerable interest was manifested.

There will be no program for this afternoon, the ladies having prevailed on Rev. Sam Small, who lectured at the opera house on Sunday evening, to deliver a lecture instead, and he has consented to do so. Mr. Small spent two years in Cuba, being in the employ of the government, and during that time had the opportunity to become acquainted with the conditions and need of missionary work on the Island, and while the lecture will not be what might be termed a strictly missionary discourse, it will contain a great deal of instructive and interesting information along that line.

The meeting will be opened at 3:30 o'clock and all are cordially invited to attend.

# DISFIGURED WITH ECZEMA

## Under Physicians Five Months. Went from Bad to Worse.

## CURED BY CUTICURA

## Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months, during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura remedies. The first night after I washed my face with Cuticura Soap and used Cuticura Ointment and Cuticura Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face was as clean as ever."
THOMAS J. SOTH, 317 Stagg St., Brooklyn, N. Y.

## THE AGONIZING

**Itching and Burning of the Skin**

As in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn out parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures of the civilized world. Absolutely pure.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), Ointment, 50c., Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Proprietors.

### LECTURE ON MARTIN LUTHER.

**Delivered by Rev. F. A. Holtzhausen at the Presbyterian Church.**

The lecture on "Dr. Martin Luther, the Hero of Heroes," delivered at the First Presbyterian Church last Sunday evening by the Rev. F. A. Holtzhausen, was attentively listened to by a large congregation.

Mr. Holtzhausen believes that there is great need in our times of the Gospel as interpreted and illustrated by reformation history. He considers the great religious revival of the sixteenth century one of three great epochs of the Church, ranking it with Israel's deliverance from Egyptian bondage and the advent of Jesus Christ. We can rightly understand and appreciate the blessings, opportunities and institutions of the modern world only by knowing the issues raised and settled by the reformation.

Martin Luther was set forth as the chief embodiment and foremost champion of this great movement. After mentioning the facts of the reformer's childhood and youth, of his conversion, deep religious experience and entrance into the priesthood, the lecturer led his audience into Luther's great work.

Beginning with the posting of the thesis against indulgences and continuing in the description of Luther's controversies, his bold act of defiance of the dreaded power of ex communication in the public burning of the papal bull; of his conflicts with the ecclesiastical and civil authorities, he showed how the great principles of justification by faith of the sole authority of the Bible in all religious matters and of the liberty of conscience from all human domination were established. And the lecture concluded with an appeal to hold fast and work out more fully the blessings of the reformation.

Mr. Holtzhausen is full of inspiration in his theme and speaks with all the conviction and earnestness of man who believes that he has a message from God to deliver to his fellow-men.

### AN ELABORATE RECEPTION.

**At Which One of Gainesville's Young Ladies Was Guest of Honor.**

The Tampa Tribune of Sunday has the following in its "Social Event" department:

"This week, which has been so delightfully gay for the society crowd, was brought to a charming close yesterday afternoon by a reception given by Mrs. M. Wooldridge, complimentary to Miss Lucile Colclough of Gainesville and Mrs. G. Young McRee of Valdosta, Ga. The door was opened by Master Edward Valentine and the guests met in the hall by Mrs. Wooldridge and Mrs. Peter O. Knight. In the receiving line stood Miss Wooldridge, Miss Colclough and three of last June's lovely brides, Mrs. McRee, Mrs. Hunter Henderson and Mrs. B. Ainesworth. Assisting with their graciousness and charm of manner to entertain the callers were Misses Fannie Ball, Mary Lee Douglass, Mary Carnes and Helen Warner. In the dining room a delicious salad course was served by Mesdames A. A. Martinez, Melville Gibbons, Monroe Fleming, W. Valentine, Sanford Allen and Y. R. Beazely. In the cozy red punch room Misses Lila Carnes and Eleanor Murdoch presided over a bowl of refreshing beverage. This is the first occasion that friends have been entertained in Mrs. Wooldridge's charming new home and the reception suite was bright and attractive with vases of American Beauties, and for three hours the walls resounded with the lively exchange of greetings, and the conversation of the numbers of visitors. Miss Colclough is one of Gainesville's most popular society girls and will be one of Tampa's most attractive guests during the Fair. Mrs. McRee has hosts of friends here, who wish only for her happiness, and selfishly regret that circumstances have caused her to change her home from Tampa to Valdosta."

After the services the archbishop took up a collection for Giordiano's wife and four children, who live in Naples.

# RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in Winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak Kidneys, torpid Liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.

# BRONCHITIS

## Druggist W. M. Johnson Tells the People Quickest Means to Cure It.

Asked one day in his store the question, "What is good for bronchitis?" Mr. Johnson, our well known druggist, answered: "For years old-fashioned cod liver oil has been known to possess the most remarkable curative and healing properties for throat, bronchial and lung troubles of anything known to medicine, but on account of the grease which enveloped its curative principle, it has been impossible for many people to take enough of it into their systems to combat a thoroughly settled disease without clogging the system and upsetting the stomach.

"Now, however," continued Mr. Johnson, "we have Vinol, which contains in a highly concentrated form all of the medicinal curative elements of cod liver oil actually taken from fresh cods' livers, without a drop of oil or grease to upset the stomach and retard its work, and physicians agree that it is the greatest cure for all throat, bronchial and lung troubles known to medicine.

"Miss Anna Ray writes us that after suffering for five years with bronchitis, and trying all kinds of medicines without relief, Vinol cured her, and we have hundreds of just such letters.

"We wish every person suffering from chronic colds, coughs, bronchitis, and every aged, weak or convalescent person who needs a healing, strength-creating and blood-making tonic would try Vinol on our guarantee to return the purchase money if it fails." W. M. Johnson, Druggist.

# *Backache, "The Blues"*

## Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for women's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cotrely are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing.

Mrs. J. C. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:—

"I have suffered everything with backache and womb trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was I commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved, I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backaches and headaches are all gone and I suffer no pain at my menstrual periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrely, 109 East 12th Street, New York City, writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell all suffering women of the relief I have found in Lydia E. Pinkham's Vegetable Compound. When I commenced taking the Compound I suffered everything with backaches, headaches, menstrual and ovarian troubles. I am completely cured and enjoy the best of health, and I owe it all to you."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

### FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice and medicine have restored to health more than one hundred thousand women.

## THANKSGIVING PROCLAMATION

It is a beautiful and time honored custom which sets apart one day in each year as a day of thanksgiving for the blessings, material and spiritual, which we as a people enjoy. The year now nearing its end has been fruitful in blessings to the people of Florida, the intellectual and moral uplifting of our people is evidenced on every hand and the great material development of the State is observed and commented upon by all thoughtful people; prosperity prevails throughout the length and breadth of the State; labor has had its full employment; commerce has been in such volume as to almost choke the channels of trade; no sickness of an epidemic character has afflicted our people, except in one city, and there its ravages have been light and its progress is now most mercifully stayed; no flood or other great calamity has been visited upon us.

Therefore, following the example of the President of the United States, who has proclaimed the thirtieth day of November as a day of prayer and thanksgiving to Almighty God the Giver of all Good and Precious Gifts,

I, Napoleon B. Broward, Governor of the State of Florida, do hereby proclaim and set apart Thursday, the thirtieth day of November, A. D. 1905, as Thanksgiving Day.

On that day let all our people suspend their usual vocations, and in public and private give thanks to the great Creator for the blessings we have received at His hands; let our grateful hearts express thankfulness in acts of charity and benevolence toward the suffering and needy, the widow and orphan, that these unfortunates may also have cause for thankfulness and rejoicing.

In testimony whereof I have hereunto set my hand and caused to be affixed the great seal of the State of Florida at Tallahassee, the capitol, this the 14th day of November, A. D. 1905.

NAPOLEON B. BROWARD, Governor.

By the Governor, attest:
H. CLAY CRAWFORD, Secretary of State.

---

By the provisions of the Buckman bill the State Board of Education has been enabled to appropriate $125,000 more to the public schools; yet some people say that the new law has not been of benefit to the State school system. With as high grades in the village schools as in the large cities, don't the people enjoy the benefits of the new law all over the State?

---

Florida is a great State for politics. We haven't got settled up with the old administrations of Governors Bloxham and Jennings before we have candidates bobbing up for the executive chair that Governor Broward has hardly had time to get warm.

---

General Gilchrist will show the people how to cook gubernatorial okra, and Captain Hillman will show them how to prepare executive potato pones. If they are not careful they will ruin the broth.

## THE BUCKMAN BILL.

If there was ever a measure of which it can be truthfully said that it was "cussed" and discussed it is the Buckman bill. Again it is receiving the attention of the State press and it seems certain that its constitutionality will be tested

The Record was opposed to the passage of the bill when it came before the Legislature as a radical measure. The conditions of Florida's educational facilities were not known to us at that time and this paper was in other hands.

The consolidation of the various educational institutions throughout the State seemed necessary. There is hardly a paper in the State that will not grant that such an action was necessary, but The Record with others considered the time for such action inopportune A measure of such far-reaching effect should have been considered more maturely and should have been given the consideration of the people of the State. Instead of such action the bill was railroaded through the Legislature.

The time for a discussion of the merits of the measure is now gone and any discussion of it is futile. The sectional prejudice and sectional interest that is so difficult to rise above has now died with the passing of intervening time and the matter can now receive saner and more wholesome consideration.

The question now to be considered is whether the measure is constitutional. The constitutionality or the unconstitutionality is not to be decided by any editor in the State and the discussion of this phase of the question will do no more than bring false and sought for notoriety to the editor that wastes his time in so futile a manner.

It is a self-evident fact that if there is ground for the opinion that the measure is unconstitutional that it should be settled by the Supreme Court. The constitution is the supreme law of the State and all measures must be in accordance with it. There is not a citizen of Florida who desires to see a measure in operation that is at variance with the constitution of the State.

Further, if the measure be unconstitutional an injustice is being done the city of Gainesville. Were the University established and then the measure declared unconstitutional a serious problem would confront the Board of Public Instruction and the people of Florida.

For these reasons The Record is of the opinion that any attacks made on the merits of the measure are nonsensical and foolish. For the same reasons we are of the opinion that the bill should be tested and that whatever the result may be that the people of this State should and will abide by it. The discussion of it will end and Florida's educational facilities will again be in a settled condition.—Bartow Record.

# Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds." H. C. CUNNINGHAM, 108 Ellsworth Ave., Allegheny, Pa.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Next Friday, the 24th, will be Confederate Day at the State Fair.

New Smyrna and several East Coast towns are receiving visits from thieving tramps.

The Slaughter Hotel at Belleview is now open and we expect they will slaughter prices.

Roller skating will be the fad in Jacksonville this winter and a large rink will be erected.

Hon. J. M. Bryan has sold his orange grove near Kissimmee for $30,000 It has 1,750 large trees.

Dowling Park is becoming more popular every day. It has the enterprising men of Live Oak to push it.

West Palm Beach will allow the merchants of that place to keep open until 9 o'clock on Sundays and no later.

The cotton growers of Lake City and vicinity will meet on November 28th. Harvie Johnson will address the meeting.

Ocala people are so afraid that town will endorse local option that they are throwing a series of fits every day in the week.

The Fort Pierce News has issued a very interesting edition to boom that section of fair Florida. It is well illustrated.

At St. Augustine Saturday James Osteen was found guilty of manslaughter for the killing of George Carter. Allen Osteen was found not guilty.

The Indian River Baptist Association will meet at West Palm Beach on Friday, November 24th. It embraces all the churches along the East Coast south of Titusville.

The Arcadia Champion is now located in its new building and the last week's issue presented a neat appearance, well filled with news. The Champion is an excellent paper.

We understand that Candidate Hillman is preparing a recipe for cooking potato pone. It is said that it is destined to become more popular than the new fad for cooking okra.—Ocala Banner.

A man came here a few years ago and had less than fifteen dollars. By industry he soon managed to purchase an orange grove and paid for it with two crops of fruit. This season he sold 1,500 boxes of oranges. This is only one of the many successes in DeSoto county.—Wauchula Advocate.

Judge Joseph Bell Friday heard the case of G. W. Ray vs. the Atlantic Coast Line railway to recover damages on a carload of cantaloupes delayed in transit. Judgment was entered against defendants. The complainant last summer loaded a car of cantaloupes on a sidetrack just south of Ocala and it was delayed as same and was not moved by the railroad as per agreement.

Fire was discovered in the crate mill of the E. W. Bond Company at Lake Helen Friday night at 7:30 o'clock. An alarm was turned in and the fire department of the mill was called out, but the fire had gained such headway that it consumed the head factory, the veneer plant, sawmill, warehouses and contents, also the depot belonging to the Florida East Coast Railway. Loss $50,000. The mill will be rebuilt at once.

R. W. Williams of Blanton and Miss Ada C. Gregg were married on the afternoon of the 15th inst. in a rather novel way. They drove to the parsonage and were married sitting in their buggy and after their marriage drove out to their home on Dowling Lake. Mr. Williams is one of Blanton's leading citizens and a large cantaloupe grower. Miss Gregg is one of Pasco county's most popular young ladies, and a teacher of reputation.

W. K. Coleman, prominent in phosphate circles, was the v ctim of a serious accident which came near being fatal. Mr. Coleman rode into Bartow from the Dominion mines and after transacting his business in that place started back to the mines on a wheel. He had placed a revolver in the bosom of his shirt and while riding the revolver from accidental cause was fired. The bullet entering Mr. Coleman's body passed within two inches of his heart and emerged from the back. While the wound is exceedingly painful the physician believes that unless some unforseen complications set in that it will not be of a serious nature.—Bartow Record.

### Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

### G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

### Political Grafters Scored.

Atlantic City, N. Y., Nov. 20.—Illegitimate profits formed the leading theme of the report of the executive committee of the national Grange Patrons of Husbandry, which was present at yesterday's session of the convention. This evil, the report states, has invaded even the home in the form of adulterated foods and has become so formidable that government action must be taken to curg its growth. "Graft in politics has become so prevalent as to almost insult human intelligence to more than mention it," continues the report, "and there is a cry all over the United States today for its suppression. Grafting is one of the universal and seemingly perpetual crimes from which springs all minor evils in the country to-day. Punish grafting but punish all or none."

### Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and sure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

### KILLED WOMAN AND SELF.

Tragedy Occurs in Augusta, Ga.—No Reason for Act.

Augusta, Ga., Nov. 20.—Two pistol shots rang out from a house, No. 1486 Silcox street, which was occupied by a woman named Daisy May. A large crowd soon congregated there, and those who entered the dwelling found the woman and Mr. John Buckley, who is at the head of the city's bridge and wharf department, lying on the floor weltering in their blood.

Since Mr. Buckley's wife's death, several years ago, he has been living rapidly, and the woman whose life he took is said to have been his paramour. He was seen shortly before the tragedy by several friends, who noticed that he had been drinking.

He was 45 years old and leaves a family. His victim was 28. The reason for the murder and suicide is not known.

### No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

### Want Women on School Board.

Macon, Ga., Nov. 20.—Agitation has now begun to have the law so amended as to permit one or more ladies to become members of the board of education. It is claimed that ladiese who have had experience as teachers in the schools would be absolutely invaluable on the board, and their work in that capacity would insure improvement in the system. It is expected that considerable interest will be developed for the proposition by th time the next legislature is assembled, and it is believed nobody will posse it.

### Hotel Manager Disappears.

Columbus, Ga., Nov. 20.—J. S. Thompson, who has been manager of the Springer hotel a number of months has mysteriously disappeared. He tore out of the ledger of the sheet the page containing his salary account, but Proprietor Springer says that he was only a few dollars short in his accounts. Thompson left on one of the trains Wednesday night, and so far nothing has bee nheard from him. He was engaged to be married to a Columbus lady.

## ANNOUNCES FOR GOVERNOR.

**Hon. Clark Howell Declares His Candidacy in Georgia.**

Atlanta, Nov. 20.—Hon. Clark Howell, editor of the Atlanta Constitution, has made formal announcement of his candidacy for the governorship of Georgia. In his platform he declares against "disfranchisement" because he believes it to be dangerous to the best interest of the state, and shows why. He says he favors strict railroad regulations and is against free passes. He also believes in "building up," "not tearing down."

Concerning the white Democratic primary, he says in part:

"When the white people of Georgia were confronted with ignorant hosts of irresponsible negroes, drunk with the intoxication of new-found freedom and franchise, the Democratic party, by one bold stroke, destroyed all danger of negro domination, and by the legal and effective application of the primary plan accomplished the permanent assurance of white supremacy in Georgia. This was done without disfranchising a single white voter and without enfranchising a single negro."

## BLOODY TRAGEDY IN ARKANSAS.

**Two Men Are Killed and Three More Seriously Wounded.**

Pocahontas, Ark., Nov. 20.—Biggers, a little town on the 'Frisco railroad, 10 miles north of this city was the scene of a bloody tragedy the result ofwhich is that two men, John Shipley and a young man named Dennis, are dead and Lee Jones, Deputy Sheriff Jim Wisner and City Marshal Jesse Johnstone are seriously wounded.

Wisner had his jaw broken and one ear shot off. Shipley, Dennis and Jones were charged with being members of a gang of cotton thieves, who had operated in the Cherokee bay county for some time and the trouble arose when the deputy sheriff and his posse apprehended them.

When ttold to halt they opened fire on the posse, which promptly returned the fusilade with the above retusits. Jones, the third member of the gang, escaped but was wounded.

### Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenseworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

### Fighting Cotton Speculators.

Columbia, S. C., Nov. 20.—That the Southern Cotton association is in earnest in the fight to put aside the speculator to the welfare and benefit of the producers, no one who visited the office of F. H. Weston, the secretary of the South Carolina division, can doubt. His office force was busily engaged sending out literature to the various counties, and there were other evidences that the work is being pushed in no uncertain manner.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### Curiosities of Literary Worship.

The most extravagant instance of literary relic worship on record is said to be that of a well known Englishman, who constantly wears, in a small locket attached to a chain around the neck, a portion of the charred skull of Shelley.

Of late years a great many persons have visited the former residence of Victor Hugo to see a tooth of that celebrity which is kept in a small glass case with this inscription: "Tooth drawn from the jaw of Victor Hugo by the dentist on Wednesday, Aug. 11, 1871, at Vianden, in the gardens attached to the house of Mme. Koch, at 3 o'clock in the afternoon."

In the year 1816 a tooth of the famous Sir Isaac Newton was sold at auction by a relic monger of London and was purchased by an English nobleman for a sum equal to $3,650 in United States currency. The buyer had a costly diamond removed from a favorite ring and the tooth set in its place.

The wig that Sterne wore while writing "Tristram Shandy" was sold at public auction soon after the great writer's death for the sum of £2,000, and the favorite chair of Alexander Pope brought £1,000 at a sale in 1822.

### No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists

### Meals in Java.

Breakfast proper is served from 7 to 9 o'clock, but the Dutch have no idea of breakfast, and it is a very inferior meal in the hotels, at any rate, consisting merely of bread and butter, both bad, slices of cold meat left from the previous night's dinner and eggs. The chief meal of the day is "tiffin," which is composed of a dish peculiar to Java—the rice table or "rys-tafel." This is a thing to wonder at. It commences with a soup plate full of boiled rice, which is handed round in large bowls and served with a wooden ladle. From ten to twenty dishes, all put on the table at once, are then handed round and some of each put into the rice or on a small plate beside the soup plate. These dishes include fish, fowl, meats of various kinds, curried eggs, fried bananas, shrimp fritters, omelet and curry, finishing up with chutneys of all sorts served in a large round dish divided into many compartments. This concoction is then mixed up and eaten with a spoon and fork. It is followed by beefsteak, almost raw, and fried potatoes, and this, again, is succeeded by dessert.

### Worm Destroyer.

White's Cream Vermifuge not only kills worms, but removes the mucous and slime in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. Sold by W. M. Johnson.

### Newton's Telescope.

Newton fashioned a concave mirror from a mixture of copper and tin, which gives a surface with almost the luster of silver. An image of the star was produced in the focus of this mirror, and then this image when examined by a magnifying eyepiece permits the astronomer to study the star at what is equivalent to a greatly reduced distance. Such is the principle of the famous erecting telescope which bears the name of Newton. The little reflector which he constructed is still preserved as one of the treasures of the Royal society. The telescope tube had the very modest dimensions of an inch in diameter. It was, however, the precursor of a whole series of magnificent instruments, each outstripping the other in magnitude.

### A Soft Answer.

Here is a story about Sir Patrick Talbot, sergeant at arms in the house of lords. He had been private secretary to the great Lord Derby when prime minister and afterward married one of his daughters. One day when a large party was present at Knowsley Lord Derby burst out at table with the remark, "It's a curious thing one never knows what a lot of fools there are in England until one becomes prime minister." Thereupon Talbot, at the other end of the table, said, "Yes, and one never knows what a fool a prime minister may be until one becomes his private secretary." Lord Derby's reply was, "Thank you, Pat."—Dundee Advertiser.

### The Rudest Man of His Age.

John Hunter, the famous British surgeon, anatomist, physiologist and medical writer, who died in 1793, was one of the rudest men of his age. He returned home late one evening from his round of professional calls and found his wife entertaining a few friends. Grimly he walked into the center of the room, stopped and looked around. "I knew nothing of this kick up," he said, "and ought to have been informed. As I have returned home for the purpose of studying, I hope the present company will retire at once." They retired.

### Big Tailed Sheep.

A species of sheep in the east, common in Syria, is so incumbered by the weight of its tail that the shepherds fix a piece of thin board to the under part, where it is not covered with thick wool, to prevent it from being torn by the bushes, etc. Some have small wheels affixed to facilitate the draggings of these boards after them. The tail of a common sheep of this sort usually weighs fifteen pounds or upward, while that of a larger species, after being well fattened, will weigh fifty pounds.

### Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

## A FAMOUS CHARGER.

**The Story of Marengo, Napoleon's Last War Horse.**

Napoleon helped himself to the creature when he encountered the mamelukes on the banks of the Nile in 1798. Superb as were the horses of these "knights of the desert," the white charger with the "great black eyes, wide nostrils, clean limbs and a brave heart," as Ibrahim the bey described him, was the most splendid of them all. He was a small horse, only just over fourteen hands, faultless in shape and dauntless in courage. Napoleon rode him at the siege of Acre, at the battles of Marengo, Austerlitz, Jena and Wagram. He took him to Moscow in that fatal campaign against Russia and rode him at Borodino and on the Beresina river.

When disaster had come and Napoleon was banished to Elba, the favorite horse was not permitted to accompany him. "I had rather I had shot him than that King Louis should possess him," the fallen emperor said, and he laughed with grim satisfaction when an equerry reminded him that the Bourbon king was himself too unwieldy to ride Marengo or any other horse. Two years passed, and Napoleon was back in Paris. The turn of fortune's wheel had brought him to the top again; Louis was a fugitive, and the emperor was wildly acclaimed by the fickle populace, who but a few weeks before had shouted for the king.

Once more Marengo was led from his stable; once more the housings with the gilded bees were buckled on his shapely form. The horse, old in years and white as fresh flaked snow, was as full of courage as ever. His master's hand passed lovingly over his satin skin as Napoleon mounted him that fatal 18th of June when the troops were forming up on the fields which had been so fresh and green that morning and where the lark's sweet song was silenced by the first booming of the guns. The white charger carried the emperor as proudly as ever; the wide nostrils sniffed the battle clouds as they had often done before. A musket ball struck the creature's flanks, and the white skin and golden bees were stained with blood and dust.

Late in the afternoon Napoleon turned his horse's head from the field. The battle was fought and lost. Only Marengo's fleetness and tireless courage remained between him and captivity. Nobly the old horse responded to his call. Away through the trampled corn, across the broken ground, through the awful scenes of slaughter and the heaps of the dead and dying; away through the merciful darkness of the summer night; away toward Paris once again.

That was the last time Napoleon rode his favorite. Lord Petre found the poor beast, wounded and utterly worn out, at a roadside inn, where Napoleon had entered his carriage, leaving the horse behind. Marengo was brought to England, and eventually sold to General Angerstein of the grenadiers. His old age was passed at Angerstein's place in Norfolk, where the horse—to the last "beautiful as a picture"—attracted much notice. On his death the general presented one of the hoofs to his old comrades of the Guards brigade, and another belongs to General Angerstein's family, at Weeting Hall, Norfolk.—London Modern Society.

### Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

### Still Unsatisfied.

"Goin' the whole way, mister?" inquired the passenger with the green necktie as he took out his snuffbox, preparatory to settling himself for a cross examination.

The man interrogated eyed him attentively, then replied:

"No. I get out at the third station. I am going to collect some money due to me for groceries supplied. You see, I am a wholesale grocer. The business was left to me by my father. I am married and have five children. The eldest is eleven years old. I am exactly twelve years and nine months married. I live in a semidetached house, rented at £40. My wife is fair and weighs twelve stone. She was a dairymaid before I married her, and has been vaccinated twice. I have £1,150 in the bank, and I was fourteen when I left school."

The man in the green necktie had a dissatisfied look as he inquired:

"What did your great-grandfather do for a living?"—London Standard.

### "I Thank the Lord!"

Cried Hannah Plant of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at all drug stores; 25c.

### A Troubled One.

It is said that the expression "There is a skeleton in every closet" arose from the following incident: A young Italian student, finding he was dying, fearing to break the news to his mother, adopted the following device: He informed her that he was ill and that it had been foretold he would not recover until he had worn a shirt made by a woman who had no trouble. The widow soon discovered it was no easy task to find such a person, but at length was referred to a lady who seemed surrounded with every comfort and happiness and possessed a husband who seemed devoted to her. The widow made known her request and for an answer was shown a closet where a skeleton hung suspended from a beam. She was told it was the remains of the lady's former lover, who from motives of jealousy had been slain by her husband, and that he compelled her to visit it every day. The widow concluded that no one was without trouble, that "there is a skeleton in every closet," and became reconciled to the approaching loss of her son.

### Washington's Birthday.

The first known celebration of Washington's birthday was on Feb. 11, 1784. The old style date was still adhered to. This was during the lifetime of the first president and completed his fifty-third year. The following is from the Pennsylvania Packet of Philadelphia of the date of Tuesday, Feb. 17, 1784: "New York, Friday, Feb. 13.—Wednesday last being the birthday of his excellency General Washington the same was celebrated by all the true friends of American independence and constitutional liberty with that hilarity and manly decorum ever attendant on the sons of freedom. In the evening an entertainment was given on board the East India ship in this harbor to a very brilliant and respectable company, and a discharge of thirteen cannon was fired on the joyful occasion." The observance of the day was not confined to New York city.

### A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at all drug stores; 25c.

Once in awhile some one seems anxious to know when the new Episcopal church is to be completed. Two men were walking along a few days ago, when one asked the other when he thought the church would be finished, when he thought a moment and answered: "I guess it will be ready for the Resurrection morning."

FINE PAINTING.

The Residence of Dr. N. D. Phillips Attracts Much Attention.

If people knew what a difference there was in paint in lasting qualities and in preserving wood they would use none but the best they could get.

So many have been deceived that they hardly know which is best. But when you find a white paint that will cover dark paint and look as bright as though it were on new material you can rest assured it is good. An example of this kind is that of the residence of Dr. Phillips on East Main street, North. The house had been painted a dark brown, but was repainted with the Davis' 100 Per Cent Pure Paint and it looks as good as new. If you would save money and have satisfactory work done buy the Davis' 100 Per Cent Pure Paint at the Baird Hardware. All colors for outside and inside works.
